Creative Curriculum

Philosophy

The Hackettstown Public Schools Inclusion Preschool Program is founded in the belief that young children, regardless of background or abilities, should be nurtured and challenged in an environment that encourages the expression of ideas, curiosity, spontaneity, enthusiasm, and the joy of learning. We believe that all children benefit from being grouped heterogeneously, making it possible for children to learn from one another.

The Hackettstown Public Schools Inclusion Preschool Program, in addition to meeting the goals and objectives of all classified students, utilizes The Creative Curriculum for Preschool, which is an award-winning curriculum for preschool success following the New Jersey Department of Education standards for Preschool Teaching and Learning. The Creative Curriculum is based on 38 objectives for development and learning and present knowledge-building volumes and daily practice resources in tandem, giving every educator the “what”, “why”, and “how” of early childhood education. It addresses all the important areas of learning, from social-emotional and math to technology and the arts, and incorporates them throughout every part of every day.

Application & Process

To apply, complete the Hackettstown Public School District application packet and return it prior to May 21st to Hatchery Hill Elementary School to the address below. All applications received by the deadline will be entered into an age-based lottery to be held at Hatchery Hill School on June 1st. Please return your completed packet below for consideration:
